

The Explorer

Following The Albourne Way, I am an adventurer, discoverer and am curious about the world around me.

The Explorer is prepared for learning by having the correct learning tools.

A mini teacher, technology or books.

The Explorer will:

- Be aspirational by seeking out learning adventures.
- Follow the *'I do'* modelling part of the lesson and participate in the *'we do'*.
- Investigate the *'You do more independently'* part of the learning.
- Use B.E.A.T to help when they are stuck.

A notebook or the correct book for the learning taking place.

The Explorer will:

- Look at work in their books or the classroom environment to retrieve prior knowledge they might need for the current learning.
- Always think about how they can make improvements to their work.

A sharp pencil or a working pen and a ruler.

The Explorer is:

- Committed to learning by having the correct tools ready so their time is focussed on the task.

A magnifying glass or learning eyes.

The Explorer will:

- Ask themselves, what do I already know about this question or topic?
- Show curiosity by independently finding out more about the topic or learning taking place in class or at home.

A drink or snack.

The Explorer will:

- Drink water and have a snack at the correct time so their body and brain are ready for the learning task.

The children of Albourne understand, can describe and aspire to have the attributes that make an excellent learner.
